

HI-LINE TIMER DRAINS

Valid until 31st December 2010

Drain Type	Connection	Voltage
HDT1	3/8"	220V
HDT2	3/8"	24V
HDT3	1/2"	220V
HDT4	1/2"	24V
HDT5	3/8"	110V
HDT6	1/2"	110V
HDT7	3/8"	48V
HDT8	1/2"	48V

This high quality product is the most reliable way to remove water / oil condensate from a compressed air system.

Timer Detail

Supply Voltage

24, 48, 110, 240 VAC +/- 10% 50/60 Hz

Indicators

1 LED yellow to indicate the ON phase
 1 LED yellow to indicate the OFF phase

Pause Time T2

0.5-45 Minutes

Work Time T1

0.5-10 Seconds

Current Consumption

4mA Maximum

Environmental Protection

IP65

Case Material

ABS Plastic FR Grade

Connection

43650 ISO4400/6952

Manual Test Switch

Drain Details

Inner / Outlet ports

3/8" or 1/2"

Maximum Working Pressure

16 bar g

Material

Brass

Type

2/2 way direct acting valve

Special Products

High Pressure Stainless Steel available
